

KM 525P

Uni Pro™ Seat & Suspension with Pods

Multi-Gray Fabric
PN: 8413

KAB//Seating

The Great Value of KAB Seats with Pods

is that they allow for the joysticks to move with the driver and suspension of the seat. The pods create a better ergonomic working environment and help reduce stretching injuries, keeping you comfortable while on the job.

Adjustable fold-up armrests with 1.6" height adjustment allowing easy access to the seat (relative to joysticks)

2.4" seat height/tilt adjustment for individual fit and comfort

175 - 330 lb weight adjustment

Slide rails provide 6.3" - 7.9" fore/aft adjustment ensuring operator comfort (relative to control pods)

Durable multi-gray fabric covering

5-position lumbar supports your lower back with multiple settings

Adjustable backrest adds comfort and versatility

Durable molded control pods carry hydraulic electronic control joysticks (joysticks not available)

See **REVERSE** for applications, drawings and options.
