

# Euro Mount Plates

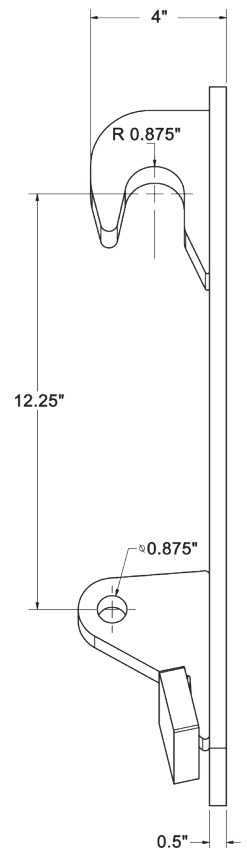

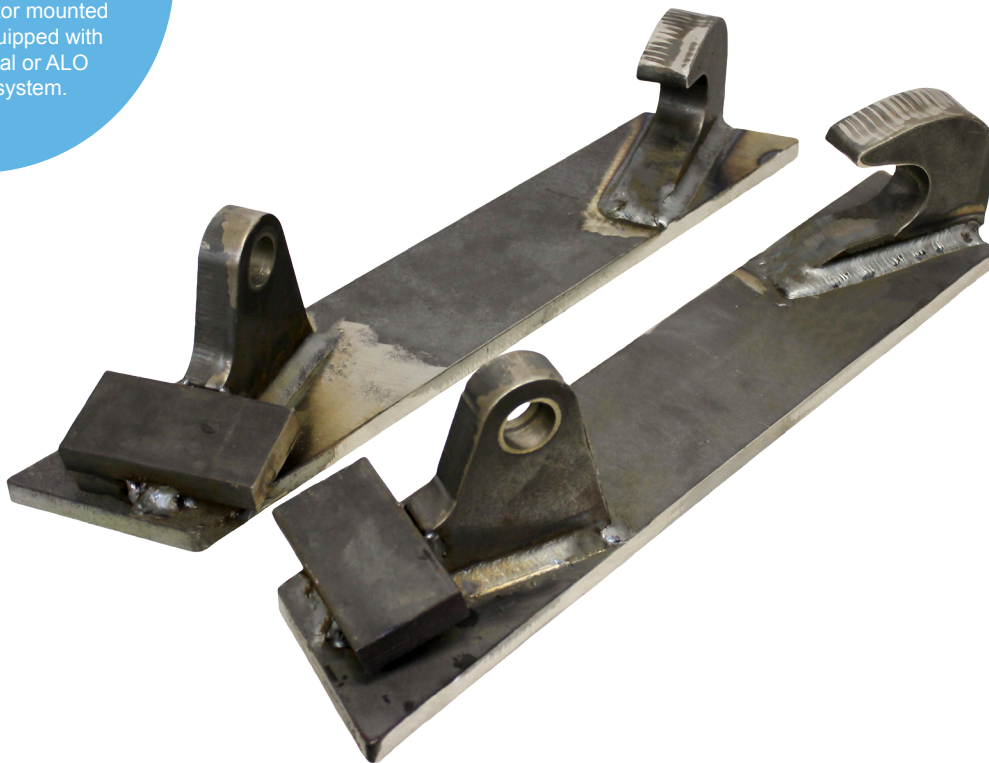

## Universal Attachment

Universal Euro Mount Plates  
PN: 1054

### APPLICATIONS INCLUDE

Plates mount easily to most late model, large horsepower tractor mounted front loaders equipped with the Euro, Global or ALO attachment system.

- Unfinished pair of euro mount plates come welded together to prevent warping (not shown in image)
- A36 HR grade steel
- 0.5" thick base plate
- 1.25" thick welded hook
- 0.875" thick welded boss
- Larger hook on the top for more weight capacity
- Each plate weighs 20 lbs
- Weld to existing attachment
